Subject: CPS

Hi Charley:

I just finishes a good phone conversation with Linda Quinley at CPS. She requested information about CFCM, which I will supply.

She's willing to work with us and engage the process of getting the funds now held by CPS turned over to CFCM. It may take awhile and will involve their accountant, auditor, etc. It will happen, but not all at once---

Until that process is complete, the two scholarship Funds you established with CFCM will be legally alive by the end of this week (maybe even by tomorrow) and will be able to receive tax-deductible donations. The online donation process will take, maybe, another week.

It was less than 5 minutes between my conversation with Linda and starting this email, by the way.

It's all going to work out well, Charley,

Cheers,
JDB
