## **PRESIDENT'S MESSAGE**

### **Desperate situation looms...**

Hello Everyone: We have a grave situation on our hands that we must discuss at the October meeting. Central MO Daylily Club members must step up as leaders in our club. Our treasurer, Norma Mountjoy, has to step down for family health reasons and we need a new treasurer. I would like to step down as president and would be willing to be the treasurer again. What about 2 or 3 of you stepping forward to be the Joint Presidents? Several clubs have co-presidents. Maybe we could operate with a team of the committee chairs as our organizing committee? We have to be realistic and wonder if our CMDC has reached the end of its useful life? We are all getting older and besides having other priorities, we cannot do as much as we used to. What do you think?

We do have 5 great things going for our club that some clubs around the country lack.

1. We have a strong, accredited daylily show that members participate in, and it is popular in the community.
2. We have people who are willing and able to do the daylily sales at the Farmers' Markets at least once a year.
3. We have well known and upcoming daylily hybridizers in our club.
4. We have members who participate in Region 11 and national AHS/ADS activities.
5. Members attend and seem to enjoy being with each other at our potluck meetings every other month.

So, I am still having fun, and am willing to continue to serve CMDC in some capacity, but I don't want to "push the river", "try to swim upstream" or any other clichés that apply in these kinds of situations.

We have a great program scheduled for October 13 – see you there.

See you in October. Carol Schultz

**Membership Renewal Reminder**

Attention all members! It is time to collect annual CMHS dues. Please plan to bring your payment in a check made out to CMHS to the October 14, or December 2 meeting. Dues are \$15 for Individual membership, and \$20 for family membership, for the calendar year 2019. If you are able to attend the meetings, you may mail them to me at 3702 Derby Ridge Drive, Columbia, MO65202.

Dues are delinquent as of Jan. 1. Thank you, Norma Lea Mountjoy, CMHS Membership Chair

### October Meeting Speaker

Our originally scheduled guest speaker for the October meeting, Don Lovell of Iowa, unfortunately had to cancel due to medical problems that make travel impossible at this time. However, he did recommend an alternate speaker.

We will be welcoming Scott Keller of Lincoln Nebraska as our speaker. Scott, a member of neighboring AHS Region 1, has an AHS Display Garden, operates his Pick a Daylily sales garden and hybridizes, all from his home in Lincoln Nebraska. He is a fairly new hybridizer who will be registering his third introduction for availability in spring 2020.

Scott brings a bit of a different perspective to the enjoyment of daylilies as well as how he “supports his habit”. I think we will all enjoy and appreciate that!

Hope to see all of you there.  
Patti Waterman, Vice President

### 2019 August Daylily Sale

Club Daylily Sales	Fall
ARC	\$1144.65
Mall	\$417
Picnic	\$437
Total	1998.65

I would like to say a big thank you to all of our members who dug daylilies for the sale and to those who came to work the sale this August. With all the plants that were displayed at the picnic, never in a million years did I think that we would sell them all, but WE DID!!!! First time I can ever remember not having to replant something left over from one of our sales. Great salesmanship!!! The weather was nice and so were the prices and the availability of plants. Thank you to Norma for the totals above! Again, with everyone's help, we had another successful sale and put money in our account and that's a good thing! Thanks again, we will do this again in the spring.

Charlene Larkin, Plant Sale Co-Chair

**Tankesley-Clarke Auction Daylilies:**

At press time, we have not yet heard whether Bob and Eric Tankesley-Clarke will be at the October meeting with the flowers they donated for our club auction in June. We have heard that life has been happening at *Adam Grove*. Eric's father died, and Bob was back in the hospital for a time. We all appreciate your patience with this situation.

### **Fun at the Region 11 Summer Meeting**

The Springfield club, Ozark Daylily Society, hosted the Regional meeting in June and we assisted by donating registration/auction plants and hosting the Hospitality room each evening. It was great fun to reconnect with friends from across Missouri, Oklahoma and Kansas. We got to briefly tour the Springfield Botanical Garden which deserves a longer visit if you are ever in the area. The local club maintains a large daylily display there with an emphasis on regionally hybridized cultivars. My favorite of the many gardens on tour was that of Sue Calbreath our Region 11 Director. She and her late husband have designed a wonderfully unique and artistic garden space on a small historic property. While we of course go to see the daylilies, I find that each garden I visit has a special personality and usually an idea that I want to incorporate into my future garden development. The Calbreath garden is anchored by a potting shed/green house/summer room built with an assortment of windows all around and a brick floor. A collection of gargoyles dot the landscape and provide great pairings wild unusual form daylilies. Having moved to Missouri from Georgia, their collection includes many popular cultivars by the Herrington family, such as Halloween Green. Along the wooden fence a tall flower, Wine with Everything caught my eye. A framed mirror took the place of a gazing ball to reflect the beauty of the garden. Ironically, a window in the “privacy” fence tied views of the front and side yards together. I hope that you will make plans now to attend the Region 11 Summer Meeting in Topeka, KS the weekend of July 3-5, 2020. Regional meetings are always a delight!

Nancy Rold, Editor

**Much gratitude.....Region 11 Summer Meeting, Springfield, MO  
June 28-29, 2019**

I want to thank all the CMDC members who attended and assisted with the Hospitality Room at the Summer Regional in Springfield. The CMCD presence added a special perspective and energy and helped make the meeting a great success. I want to especially thank Nancy Rold, who made extra supply runs and to these night owls (Wayne and Patty Merrill, Nancy Rold, Patti Waterman, John Weiland and Tara Ashlock) who stayed up until 11:30 pm to staff the room for attendees who were deep in conversation.

I'm glad we could offer reimbursement as an incentive to attend the Regional. It was a way to show appreciation to Joan Goodwin for all the time, effort, and cash she has put forth on our FB page. Other attendees, Tom and Candy Padgett, added to the numbers and were great ambassadors, although they had to stay at the alternate hotel and were not up to staying up late at night after a hot day visiting gardens. Two family members also attended, Hope Goodwin (Joan's mother) and Abby Ruiz (Patti Waterman's daughter).

I really believe that assisting our local members to attend Regional events adds to the knowledge base and builds connections and friendships that are long lasting. In addition, many people use the daylily auctions at the Regional Meetings a very reasonable way to add new introductions to their daylily collections. The Winter Gathering in Independence in February is the next Regional gathering and the summer meeting is in Manhattan, Kansas July 3-5, 2020.

Carol Schultz, CMDC President and ADA/AHS Region 11 Treasurer

**Loss of a Dear Member**

CMDC has lost another long-time member. Lois Calvin will be remembered for her sweet smile at meetings, donations of her expert needlework creations, and gracious hospitality when we descended on their patio to split clumps, clean and tag daylilies for our sale. Our sincere condolences to her husband Lloyd and daughter Yvonne who are members of our daylily club family.

**Minutes CMHS Meeting, June 9, 2019**

Carol Schultz introduced several guests: Emil Didovich, Pat Miles, and John Wieland and Tara Ashlock, who have become members. We welcome them to the group.

**Daylily Sales**

Charlene Larkin gave a report on the sale:

It rained heavily all day.

Did not have many daylilies for sale.

Suggested if we are having two daylily sales each year, that some members bring daylilies to the spring sale and some to the fall sale to balance things out.

We still have some daylilies that we aren't sure the names of. Will have to wait until they bloom to determine what they are.

The Burford shelter has been reserved for the fall picnic on August 16. It is the one we have been using the last several years.

Daylily sale is on Saturday, August 17. It is anticipated that we will be at the new Farmer's Market facility next to the ARC.

Someone will need to bring the tent and weights for the tables.

Nancy Rold stated that we still have some Blaise Brazos seedlings which are being grown at the Hallsville Methodist Church if anyone wants to see them.

#### **Minutes from the October 14, 2018 Meeting**
