In 1972 I married Lee Francis III and it was at this point that I began to realize why I had always been fond of the song "Gypsy Rover". We stayed in Laguna, NM, for a year while I taught school; then off to Albuquerque for 6 months; then to San Francisco for 1½ years; then back to NM, to run our own restaurant for a year (that was an experience!). Off again, this time to Wash DC, to work for the US Senate for a year 1976/1977. Back again to NM, where I did a minimal amount of establishment work, but lots of work and fun staying home with Lee Francis IV, born Apr 1977. 1979-here we go again to Santa Fe, NM, for a year in 1979; back to Albuquerque for another year in 1980 and FINALLY, in 1981 we returned to San Francisco (never should have left!). Lee returned to school and I went to work for Crocker National Bank. I'll be starting work on my Masters in Education this fall at San Francisco State. Sometimes I think I should have opened my own moving company-I've become quite good at it!

FISK, Sharron: c/o Epstein, 174 Edgemont; Los Angeles, CA 90004

After leaving Hickman in 1962, I attended Christian College and UMKC as a
Dance/Music/Drama major. I danced with both the Kansas City Civic Ballet and the
University Company, then left school to join a professional company in Chicago.
The next 7 years were spent between 'non-professional' political activities and
working as a dancer in nightclubs, television, industrial shows and T.V. commercials
in Los Angeles, Los Vegas, San Francisco, Canada and the Caribbean. I returned
to school in Los Angeles in 1972 and graduated from Cal State Northridge with a
BA in Pshcho-Biology. After working for several years as a Health Administrator,
I was awarded a grant for Women in Science from the National Science Foundation
and went back to school. In 1979 I completed my MA in Psychology with work in
the area of Chronic Pain Management. I then worked for 1½ years for Marsh & McLennan,
Inc, in Los Angeles designing a computer database for their Production Department
and setting up a word processing unit. During that period I also wrote a monthly
column on Mind and Body for Dance West Magazine and taught dance classes. In 1981
I felt a need to clear the smog from my lungs and make contact with my roots, so
I moved back to Columbia to write and reflect. I opened Columbia Dance Center
where I teach ballet, jazz and tap and Columbia Dance Supply - a retail sales
shop. In August I will be returning to Los Angeles to work as a private consultant
in chronic back pain management and I will be opening a Back Care Center sometime
this year. I also hope to publish some of my reflections on Midwestern life.

"Thanks for inviting me to the class of '63 reunion!"

- MYERS, Vicki Jo (Thomson): 135 W Fulton; Broken Arrow, OK 74012
Left Columbia in 1964, lived in Kansas City, Denver, Fresno, San Diego and for the past 11 years, Broken Arrow. I was with Bell and Genreal Telephone Company as a Service Representative in Marketing Dept, a Business Rep, the first female installer in Broken Arrow, a test and dispatch foreman, and a Senior Sales Consultant in Marketing. I left the phone company in Feb 1983, and started my own business, "Kastle Kare", a home watching and care service. It has been a great 20 years with lots of joy and very few regrets. I was married from 1965 to 1979, I have my own home, two wonderful girls (Deanna 12 and Debbie 11), my marriage was good-even the divorce was pleasant. Being in business for myself is exciting & rewarding and last year I met the most wonderful man ever. Who could ask for more? I'm ready for the next 20!

ORR, Sally (Mrs. Wes Bokal): 14406 Marmont Dr; Chesterfield, MO 63017
It's been a fast but terrific twenty! After leaving the "Hallowed Halls of Hickman", I graduated with a BS in Education from Drury College. Bursting with knowledge I moved on to St Louis County to help mold the minds of poor, unsuspecting 4th graders. While teaching I had the opportunity to be a part of a group to research and structure a Chemical Dependency Curriculum for the district. After 6 years of leading children astray, my husband, Wes, was transferred by General Motors to Flint, Michigan. It was probably the General Motors influence, but we too went into production....and we now have 4 wonderful children-two boys and two girls-9, 8, 4 and 2! To balance my role as consumer advocate for baby products, I became involved with the Junior League of Flint-a really fun and challenging experience. In 1978 we gladly moved back to St Louis where my days are wonderfully busy trying to organize our chaos and still remain lucid! It's great!

We have been in Poncha Springs area for the past 3 years and love living in the mountains! My husband is in the auto repair business and I am a housewife with no career except keeping up with our busy, growing family and I love it! I still occasionally write poetry and short stories, and do a bit of cartooning for the kids. The years spent at Hickman and the friendships made there cross my mind many times. I wish all of you well and much happiness. "Remember Speech Class? I thought I'd DIE a THOUSAND times! Ha!" My thoughts will be with all of you during the reunion.

RUTH, Barbara (Mees): 347-30th Place; Hermosa Beach, CA 90254
I attended Arizona State University until I returned to Mizou for a year. But the love of the West Coast brought me back to California where I became a Flight Attendant for Continental Airlines. After quitting to get married I settled in Santa Clara, CA, and worked my way into an advertising copywriting position for a property management and development company. My marriage didn't work out and I still had wanderlust so in 1973 I returned to flying for World Airlines and moved to Japan where I spent two years flying all over the Orient. When I returned stateside, I moved to Hermosa Beach in Southern California and continued flying internationally until 1980. In 1979, during an airline strike, I became involved in videotape production and worked as a production assistant, production coordinator, and production manager, doing shows for Cable TV, Industry and Networks. I recently changed course as I missed contact with the "real world" and I am now a Field Account Executive for a subsidiary of American Can Co, that deals in a specialty advertising program. I have had a full, varied and richly rewarding 20 years and am happy and healthy and looking forward to many more good ones. Each year gets better and goes faster as I'm sure you are experiencing, too!

Twenty years since high school has seen college, marriage (only one so far, in 1968 to Jo Barnhill from Springfield, MO), a couple of additional Sapps, and the rise and fall of the MU football team. Working in the Chicago area for a few years after college convinced me that Columbia was a great place to live. So we returned to Columbia in 1971 and I began an engineering job at the 3M plant. I am now the product superintendent for our optical (lens) operation. Reflecting on our high school education, I think I learned most of what I've needed in later life except maybe patience, and 20 years and two kids have nearly taught me that.

SMITH, Ronnie (wife-Linda): 523 Terrace Hill Dr; Temple Terrace, FL 33167
After spending some time at Southwest Missouri State College I attended a data processing school in Kansas City. After spending four years in the Navy and marrying Linda, who was from Tampa, we decided to settle here in Florida. Having been a computer programmer in the Navy, I chose to pursue that career, and went to work for a savings and loan company, where I've been employed for the past 14 years and am currently Vice President of Product Planning. Linda and I have been married for 14 years and live in a typical Florida home that we built a few years ago, complete with a screened in pool. We have two sons; Ryan, 11 and Jason 2½. Sorry, it's not possible for me to attend, but I send my best wishes to all of the class.

In July 1972, I was reassigned to the Advanced Ballistic Reentry Systems Program Office, Space and Missile Systems Organization, L A Air Force Station, El Segundo, California. There, I was involved in integration of reentry vehicle and decoy experiments onto Atlas missiles which were launched from Vandenberg AFB into the Kwajalein Missile Range (the Marshall Islands). I also participated in the launch of two Thor missiles from Johnston Island supporting the Army's Safeguard ballistic missile defense system. I was transferred to the Black Hills of Rapid City, South Dakota, and the 44th Strategic Missile Wing at Ellsworth AFB in Feb 1976. After a 4 month school at Chanute AFB, Illinois, I became a member of the maintenance Technical Engineering Branch where I helped solve unusual maintenance problems in the Minuteman missile weapon system. This has proven to be my most enjoyable job in the Air Force and is also where I met my wife. We were married just 4 months before I was transferred to my current assignment, SAC Headquarters, Offutt AFB, Nebraska, in April 1981. As chief of the Minuteman Maintenance Engineering Branch, I manage Minuteman weapon system modifications for SAC here in Omaha, Nebraska.

OUR CLASS REUNION

THE UNFORGETTABLE MEMORIES OF THE EXPERIENCES WE SHARED,
DAYS WHEN WE DID THINGS ONLY BECAUSE WE'D BEEN DARED.
KEWPLE SPIRIT, THE HONOR OF OUR SCHOOL,
OUR ONE BIG WORRY WAS TO TRY AND BE COOL!
CHANGES HAVE COME TO SOME OF OUR FACES,
AND EVERYONE OF THE GOOD OLD PLACES.
BUT, WE FINALLY MADE IT, WE'RE TOGETHER AGAIN,
TWENTY YEARS, IS IT POSSIBLE, THAT'S HOW LONG IT'S BEEN?
WHATEVER YOU DO AND WHATEVER YOUR WAYS,
THE 50'S AND THE 60'S, THOSE WERE OUR DAYS.
IF YOU CAN HANDLE THE TRIP, AND LIKE TO REMINISCE,
OLD FRIENDS, FOOD, DRINK, THE TIME AND A PLACE LIKE THIS.
LET'S KEEP THE CLASS OF '63 SPIRIT ALIVE,
AND GET TOGETHER LIKE THIS, AGAIN EVERY FIVE!

DIRECTORY SUPPLEMENT:(Def, LATE!)

ASLIN, Medarda:

I completed 2½ years of college (Mt St Scholastica) in Atchinson, KS. Married Declan Hoffman June 11, 1966. We've lived in Dallas, TX; Seattle, WA; Los Angeles, CA; Warrensburg, MO; Chicago, IL; and now San Antonio, TX. We have 5 (YES FIVE) children, 3 boys and 2 girls, ages 14, 12, 10, 8 and 5. Needless to say I have a full time job! Deck is an FBI Agent and enjoys working on his VW Beetle. The most meaningful experience of my life happened 6 years ago when I had a personal encounter with Jesus. My life has not been the same. A friend and I last year started wallpapering and applying fabric to walls. We call ourselves "Gotcha Covered".

BLEDSON, Ronald (wife-Barbara):

I moved to the Kansas City area right after HHS and went to work as an apprentice, Tool & Die Maker. I am now with University of Missouri in Columbia, in the Civil Engineering Department.

CODAY, Suzanne:

After attending MU from 1963-1966, I worked in the MU School of Law Library until 1969. I moved to Fayetteville, Arkansas, in Nov 1969, and began working at the University of Arkansas Law Library, until May 1970. Richard and I were married in March 1970. Richard has a law degree from Arkansas University, and has practiced here in Booneville, Arkansas, since 1970. We also have the Logan County Abstract and Title Company in Booneville, and Richard is the Municipal Judge for the Southern District of Logan City. We have three daughters; Lisa Michelle, 11; Laura Elizabeth, 9½, and Lesley Elaine, 8. I substitute teach at the high school in grades 7-12 and have for the past 5 years. Also, occasionally I fill in at the "Meat Depot", a business we also own, which specializes in frozen meats.

DELANEY, Mike: (NEW ADDRESS)-21230 Homestead Rd #66; Cupertino, CA 95014

This is the 54th address I have had since HHS. I have been in sales and marketing of contact lens and solution. Currently I am starting the Marketing Department for a new company in Cupertino, California. I am still single and now have my own RACE CAR!

DRUMMOND, Keith: (NEW ADDRESS)-1344 Franklin St; Denver, CO 80218

After HHS, I received my BA and MA in geology from MU in 1969 and went to work for Chevron in Bakersfield, California. After two years there I moved to Chevron's headquarters in San Francisco, where I lived until 1978. For the past 5 years, I've been in Denver, where I worked first for Chevron, then for Hamilton Brothers Oil Company and most recently for myself. Most of that time has been spent looking for oil and gas on the west coast, primarily onshore California. I've also spent time working areas in Alaska and most of the other western states. The last 2 years as a consulting geologist in Denver have been the most fun for me and also the most challenging. My most recent project in northern California has resulted in a new gas discovery that should be connected to the pipeline next month. I have four children; Scott 16, Lisa 14, Heather 9 and Loren 4. The oldest three live with their mother, formerly Lynn Thompson, in Hallsville, Missouri, and the youngest lives with her mother and me in Denver. My present wife Linda and I met in San Francisco in 1973.

ENG, Pat (wife-Mary Del Hurd, HHS Class of '64)

I'm presently an attorney in Columbia and we have two children; a new son, Matthew 8 months and stepson, Alan 15 and a Sophomore to be at Rock Bridge High School.

FUGIT, Alan & Diane:

Alan received a BS in Business Administration from MU in 1970 (interrupted by Vietnam) and his CLU designation in 1980. I graduated from MU in 1967 with a BS in Education. Alan has been a State Farm Agent for the past 13 years. I have been mother, secretary for Alan (until he could afford competent help), paper-hanger and now teach 3 days a week in a private school. We enjoy traveling, with and without the family & weekends at our cabin at the Lake of the Ozarks. We have three daughters; Kristin almost 14, Kathryn 11½ and Rebecca 7. We hate missing the Reunion and we'd love to hear from old friends, (816) 741-5832 at home or (314) 374-8059 at the lake.

HAGAN, Randall:

I received a Chemical Engineering degree from MU in 1967 and MBA from Harvard in 1969. Juanita Roberts and I were married in 1971. We have a 17 year old foster child, John. We resided in Rome for 6 years, while employed with Kem Corp of Atlanta, Georgia. Currently we are living in a suburb of Richmond, Virginia, and I am Executive Vice President with American Filtrona Company.

HAWKINS, Glenda:

I married in 1966 and later had a daughter. I worked for several years in Columbia as a legal secretary. In 1975 we adopted, a baby boy, I was later divorced and kept very busy with the raising of two children. In 1977 Gary Shipley and I were married and between us we have three children; Elizabeth 13, Jeff 12 and Evan 8. Gary is the Director of the Bureau of Vital Statistics in Jefferson City. Up until about a year ago, I had a women's clothing store in Jefferson City, and am now Executive Secretary for the Department of Consumer Affairs. All three children are very actively involved in sports and Beth is a cheerleader. I spend a lot of time traveling around the United States with Gary and we enjoy camping and boating with the family. We have just finished building a pool at our home in Holt Summit and are looking forward to laying around the pool doing nothing. We would love to have any of the old HHS Class of '63 to drop by whenever they are in the area.

HUTCHISON, Eddie: *(303 E 9th Ct; Trenton, MO 64683)

Remove the extra "N" from his name in the Directory and note that at last he has been located. Sorry about the "N", Ed! It was all the SCHOOL'S fault!

JENKINS, Spring:

Charlie and I were married in 1969. We will be moving soon to Baltimore, Maryland, where Charlie will be professor of business at Loyola College and I will be completing my MBA and working on my doctorate in business.

LIBBEE, Carol (Carol Rhea Williams): *NEW ADDRESS-1000 Country Pl Apt 147; Houston, TX 77079

Unfortunately, I will be unable to attend the 20 year reunion. At present, my occupation is housewife and probably the oldest newest mother of the class, since I had a baby son, born April 11th of this year. "If there is any advice I could offer, it is to stay out of politics. Politics is not only dirty, it can result in the potential worthlessness of a BSBA in Accounting and a MBA, in terms of ever again having meaningful employment."

MARIENFELD, Dennis:

Graduated Phi Beta Kappa from Washington University in 1967 and from MU, School of Medicine in 1971. Lea Herrin and I were married in 1970. I served in the U. S. Health Service in New Orleans from 1974-1976. We have two children; Katie 5 years and Brian 3 months. Presently I am a Physician, Associate Chief of Staff for Education at the Veterans Hospital and Assistant Professor of Medicine at the University of Missouri Medical Center.

MILLER, Lewis:

After HHS, Karen Flickinger (Class of '62 HHS) and I were married. We had two children; Keith, 18 (a 1983 graduate of HHS) and Missy, 13. We were divorced in 1974. I remarried a MATH TEACHER!, from Clinton, Missouri, and moved to Clinton, working as service manager for a Chevrolet dealership there. In 1982 we went into business for ourselves at a Getty service station. This past winter we added onto the building, giving us a total of six bays for mechanical work. The business is called, "Miller Auto Service". In my spare time I enjoy golf, trout fishing and pheasant hunting. We spend many weekends visiting my mother in Booneville and enjoy our season tickets to MU football games.

PARKER, Bob: (NEW ADDRESS)-141 Neese Dr Z-496; Nashville, TN 37211

PAULEY, Jerry: (ADDITION TO LIST)-331 Proctor Dr; Columbia, MO 65202

Jerry was a member of our class through the 8th grade at Jefferson Junior and was earlier overlooked as I'm sure others were, SORRY, Jerry!

REED, Sharon Kay: (UPDATE)- Sheri Reed; 24 Adel Trl Ct; Columbia, MO 65201

ROTH, Ronnie:

As far as what I have been doing since 1963---whatever comes naturally!

SHAGNASTY, Bolivar: ADDRESS UNKNOWN - as he wants it!, but I have been in touch-

I regret not being able to give you my address, but I have lived in seclusion since I began pursuing my career in music in 1965. With my voice and my looks I figured there was no way I could miss, and I was right! I missed in 1965 as a session musician with a group called "The Detergents" and in 1968 played with "Deep Purple" and the "1910 Fruitgum Company". After doing a brief stint with "Led Zeppelin" and getting pretty heavily caught up in the Heavy Metal Rock Movement in 1971, I spent a year, I think or maybe two in a rehabilitation center in, I was told Birmingham, England, close to where my good friend, Robert Plant's family lived. I returned to the states in early 1973 and joined a midwestern rock band, of which I don't recall the name. Not until 1977 did I realize that I played my own Class Reunion in Columbia, MO, in July 1973, did any of you recognize me? I have chronic memory lapse of my life during the early to mid 70's, after my affiliation with "Led". From 1978 to 1982 I got back into the "rock scene", and played with "Judas Priest", "Iron Maiden" and "Ozzy Osborne" most recently, but the life on the road took its toll and once again I was back where I started, on the bottom. My most recent failure was not realizing at the time in 1966, that the Synsonic Drums I invented back then would become the musical instrument of the 80's, or I would have had my invention patented. Having just had my first operation in Feb of 1983, I have now formed my own group and we begin touring in Aug 1983, sorry about that, I can't make the reunion. It seems to be a little harder becoming a success than I had thought, but I'm happy for all of you. I will keep in touch, through "CRAZY" CHARLEY, FUR SHUR, and FUR SHUR be at the next reunion, if I become successful. PLEASE DON'T TRY TO FIND ME ANYMORE, YOU UPSET MY FAMILY SEVERELY!, they had forgotten about me.
